

Rich Phillips

President and General Manager, ASW Energy Services

Rich Phillips is President & General Manager of ASW Energy Services. In this role, Phillips leads teams serving the energy & utility industries: providing material supply and warehousing services, installing and maintaining pipeline, and completing projects that support infrastructure installation, replacement, operation, and maintenance.

Phillips brings 30 years' experience with major public utility companies to ASW, managing all aspects of natural gas system design, construction, operation and maintenance for major companies in the gas distribution, transmission, compression, production, and midstream sectors. His passionate teamwork-based, hands-on approach to management delivers ASW customers cost savings while providing safe, efficient, focused and quality service.

Rich graduated from the University of Illinois Urbana-Champaign with a Bachelor of Science degree in Mechanical Engineering in 1987. While earning his degree, Rich also spent 3 years traveling the Big Ten as a midfielder for the University of Illinois Men's Soccer Team.

Phillips' vast experience and expertise in all aspects of the energy industry help ASW provide cost-effective solutions to energy companies' growing infrastructure installation and maintenance challenges.
